### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: the limitations reciting a cutting apparatus having an elastic member as claimed connected and disposed between a trench and a through hole as claimed to keep a gap between a pressing plate and a platform as claimed in combination with other limitations set forth in claims 1 and 12 are not anticipated or made obvious by the prior art. For example, Rogers teaches a cutting instrument having an elastic member disposed between a monorail and a holding bar. However, Rogers fails to teach a cutting apparatus having the elastic member as claimed connected and disposed between the trench and the through hole as claimed to keep a gap between the pressing plate and the platform as claimed in combination with other limitations set forth in claims 1 and 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
